

PsychInquiry CD

Activity name:	Demonstrate the Tip-of-the-Tongue Experience
Student's name:	

Instructions: Complete this worksheet and hand it in to your instructor.

Questions

1. What is the tip-of-the-tongue experience, and how do psychologists explain this phenomenon?

2. Did this demonstration elicit a tip-of-the-tongue experience for you? If so, which capital(s) were you unable to name but felt was/were on the "tip of your tongue"?

3. What does the tip-of-the-tongue experience tell us about our memory failures?
