

13. Calculating binomial coefficients on the calculator

To calculate a binomial coefficient like $\binom{5}{2}$ on the TI-Nspire, proceed as follows. Open the calculator scratchpad by pressing $\left[\text{Calculator} \right]$ (or $\left[\text{Home} \right]$ on $\left[\text{A} \right]$ on the clickpad). Press $\left[\text{Menu} \right] \rightarrow \text{Probability} \rightarrow \text{Combinations}$, and then $\left[\text{Enter} \right]$. $\text{nCr}(\text{ will appear. Complete the command } \text{nCr}(5,2)$ and press $\left[\text{Enter} \right]$.
